

Information Security Policy Statement

Ref. ISEC013

The Policy of ICT Logicom Solutions Single Member S.A. and its Business Consulting Services Division is the provision of specialized services to support the design and execution of the Business and IT Strategy of organizations.

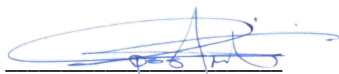

This is achieved through a team of highly skilled and qualified consultants in a manner that information security standards are ensured. Based on this, our company can maintain its competitiveness and safeguard sensitive information in providing IT advisory services, data and analytics services, information and communications technology and security services, to customers in Greece and abroad.

Information Security in this context is considered to be of the highest importance and is maintained at all times by establishing and applying strong controls and measures through a framework of policies and procedures as part of a robust Information Security Management System. The management of ICT Logicom Solutions Single Member S.A. is therefore, committed to providing services as per customer requirements while at the same time abiding to the relevant national legislation and regulations and relevant to the Information Security standards.

To achieve the above, ICT Logicom Solutions Single Member S.A. has adopted and implemented an information security assurance management system compliant with the requirements of the ISO 27001 Standard for the structuring, maintenance and continuous improvement of policies, procedures and controls to safeguard the confidentiality, integrity and availability of information and the relevant processing facilities.

Through the information security management system, the management continuously sets information security objectives and targets and assesses the performance of the company through relevant information security performance indicators. The Management reviews and revises its objectives and targets on a systematic basis, during management reviews, with the aim of continuous improvement of the information security management system, its policies and procedures but also the corporate performance of the company.

Our strengths are the highly qualified and experienced personnel, our long standing and established relationship with world renowned partners and vendors, and our strong brand name and reputation in our customers and the market in general.

A handwritten signature in blue ink, appearing to read "Kiriakos Apostolidis".

Kiriakos Apostolidis
General Manager
