Welcome to Windows Virtual Desktop webinar! We will start at 11!

Logicom Solutions

Gold Microsoft Partner

Agenda

- **Introduction to Windows Virtual Desktop**

Jonathan Vella, Cloud Solution Architect, Microsoft

- **Logicom Solutions Windows Virtual Desktop offering and demo**

Yiorgos Charitou, Senior Solutions Architect, Logicom Solutions

- **Discussion – Q&A**

3 Business Units

Sales & Business Development, Accounting, Operations

- Business Solutions and Services
- Technology Solutions and Services
- Business Consulting Services

ISO Certified

ISO 9001 — Quality Management System

ISO 27001 — Information Security Management System

3 Countries of coverage

Partnerships

With industry leaders such as:

Gold Microsoft Partner

Cisco Partner Gold Certified

DELL EMC

accenture

400+ Customers

...and growing

Logicom Solutions

$37+ m

Revenue 2019

Values

- Uncompromising **integrity**
- Commercial **agility**
- Operational **efficiency**
- Service **quality**
- People **development**

~ 100 Employees

Serving Customers in the following industries:

Government, Utilities, Banking, Telecommunications, Insurance, Retail, Energy, Education, Shipping

Smart Working: Virtual Desktop

Keep employees fully productive and safe to avoid business disruption

Jonathan Vella
Cloud Solution Architect, Microsoft

A long time ago in a galaxy far, far away.....

COVID-19 brings unexpected IT challenges

How do we rapidly enable work from home while protecting corporate resources?

Bad actors exploiting COVID-19 themes and VPN vulnerabilities

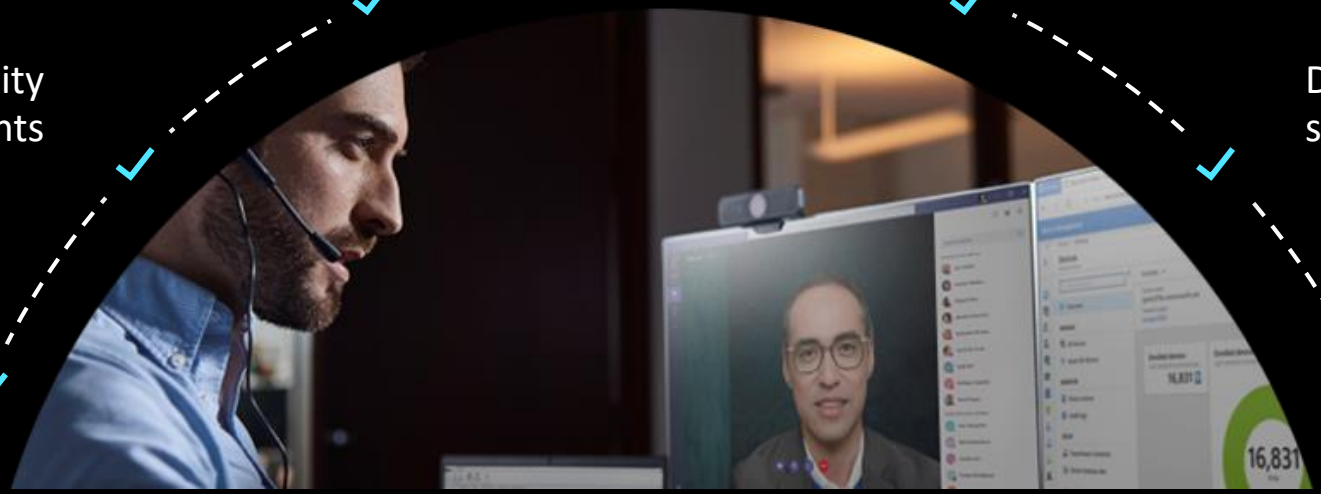
Challenges to onboard and manage new and personal devices

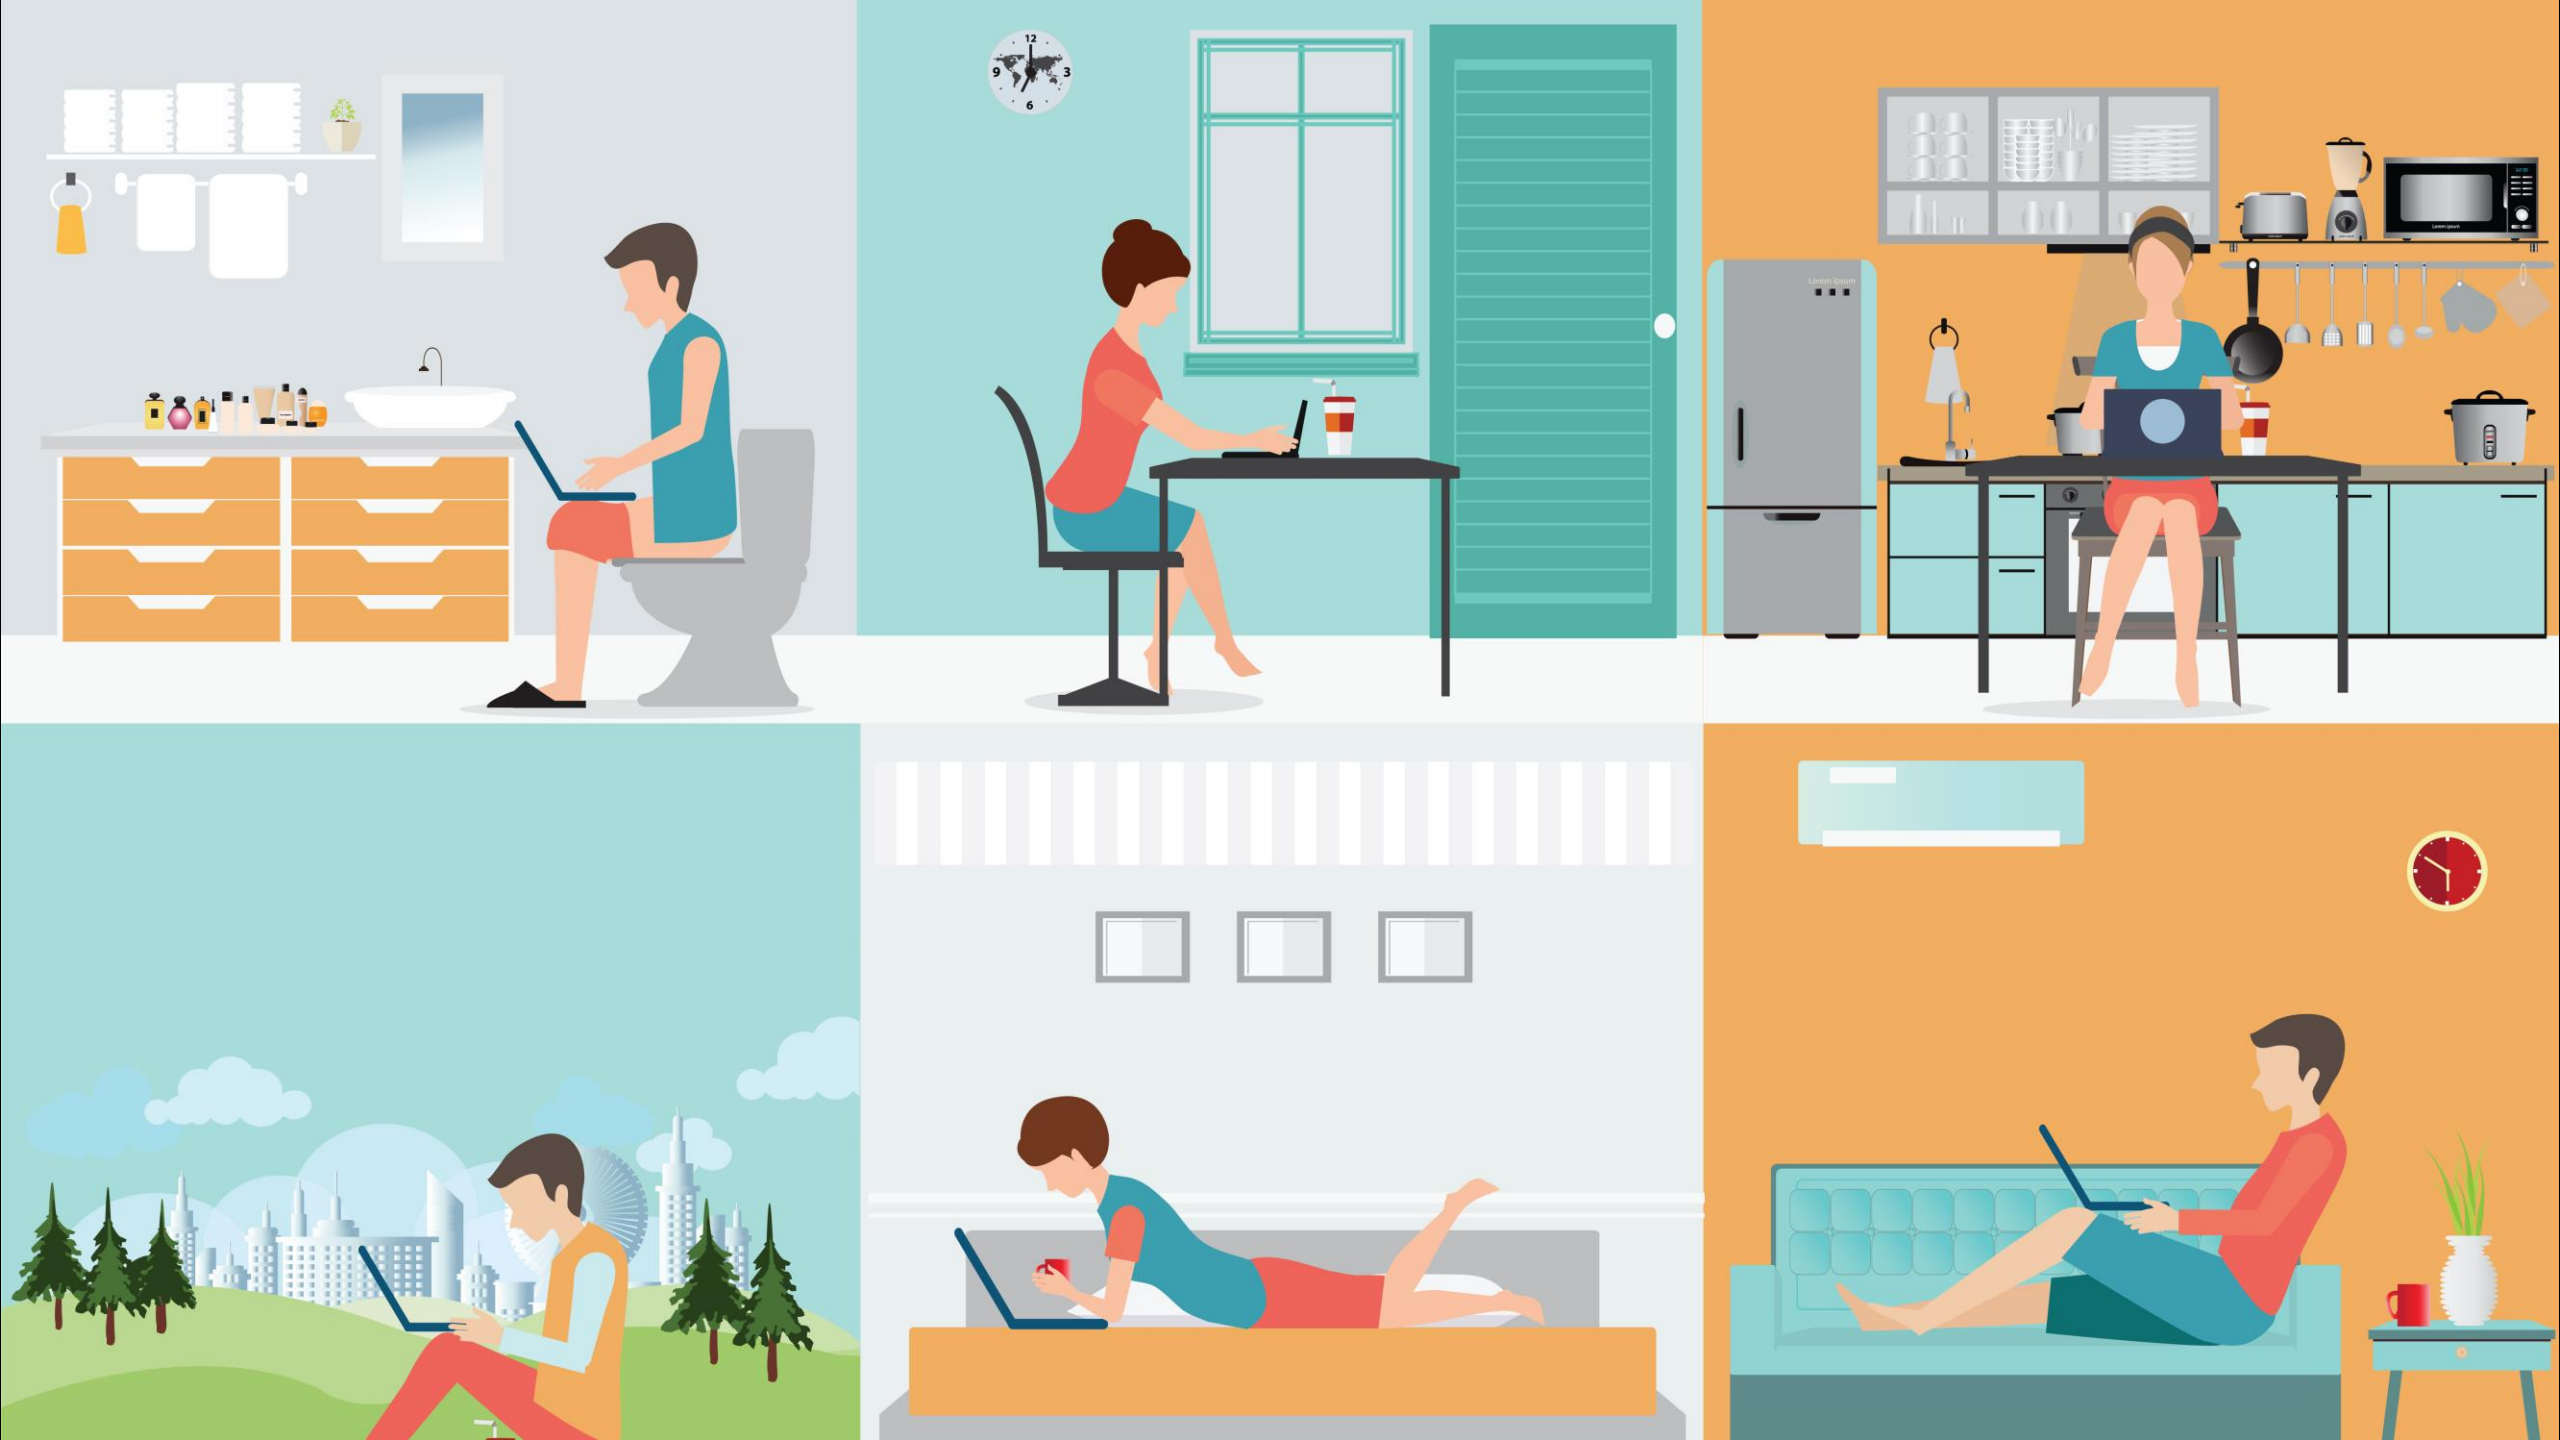
VPN scalability constraints

Difficulty rolling out new security controls

Sudden spike in the need for remote access to apps

Supporting transition to remote work





Virtualization helps address business disruption

Statement: The Covid-19 pandemic constitutes an unexpected accelerator to adopt remote working solutions to enable business continuity maintaining employees safer

Windows Virtual Desktop

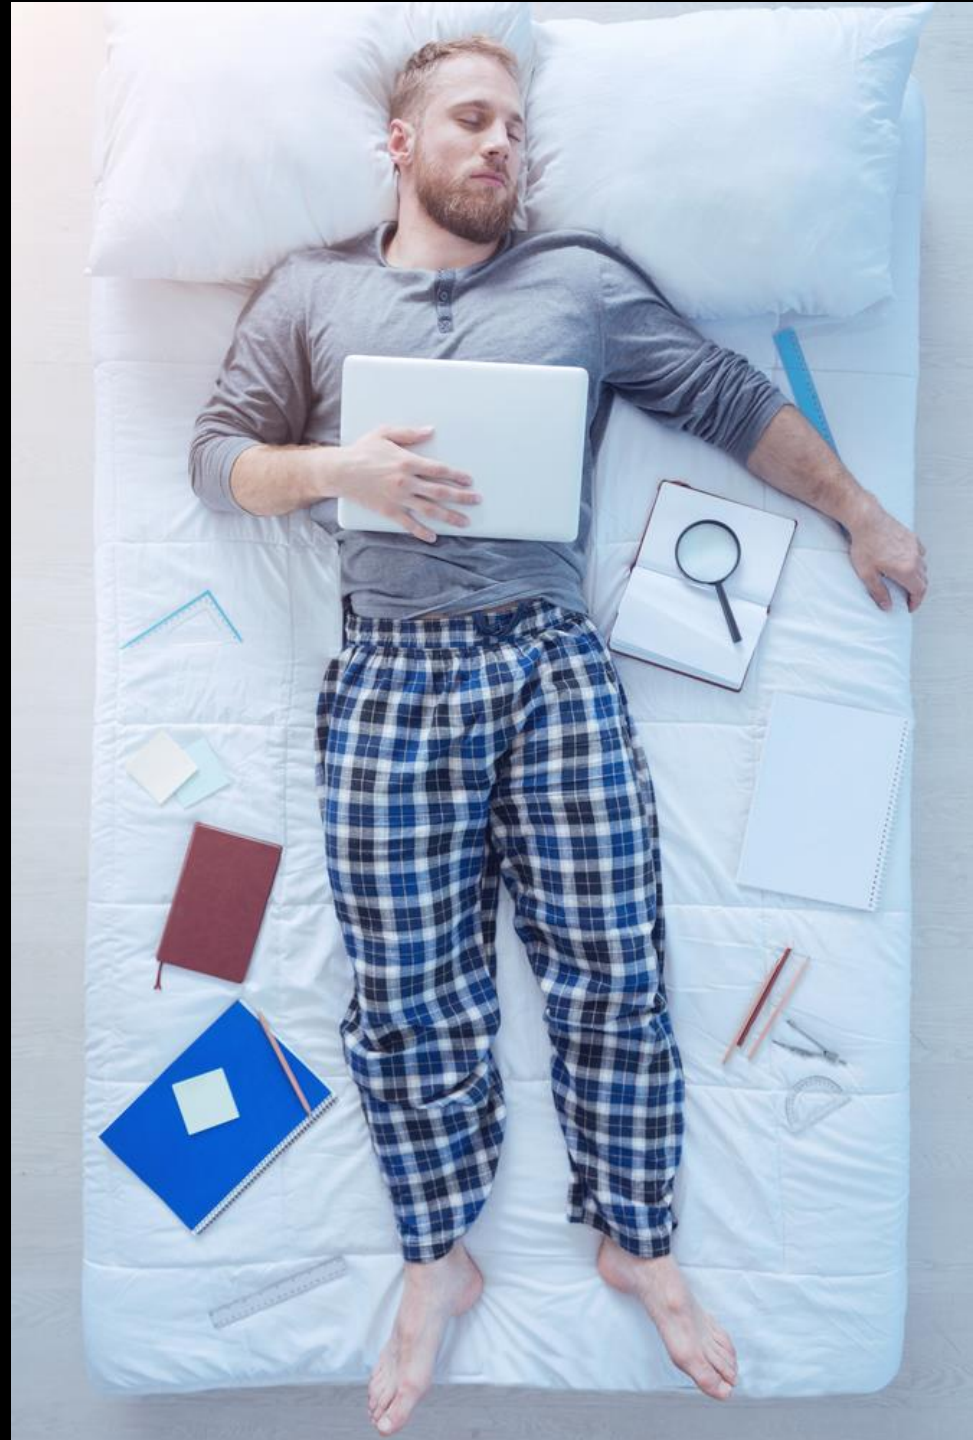
The best virtual desktop experience, delivered on Azure

- Deliver the only multi-session Windows 10 experience
- Enable optimizations for Office 365 ProPlus
- Migrate Windows Server (RDS) desktops and apps
- Deploy and scale in minutes

Deliver the only multi-session Windows 10 experience

Provide your users with the only multi-session Windows 10 experience virtualized in the cloud that's highly scalable, always up to date, and available on any device.

- **Multi-session and single-session Windows 10**
- **Store and legacy app remoting**
- **Free Windows 7 Extended Security Updates**



Enable optimizations for Office 365 ProPlus

Deliver the best Office 365 ProPlus experience with multi-session virtual scenarios to provide the most productive virtualized experience to your users.

- **Office 365 containers make Office more performant in a multi-session environment including Outlook and OneDrive for Business support**
- **Profile containers enable faster and more performant experience in non-persistent environments**

Migrate existing Windows Server (RDS) desktops and apps

Migrate your Remote Desktop Services (RDS) environment for Windows Server desktops and apps with a simplified infrastructure management and deployment experience on Azure.

- **Support for Windows Server 2012 and Remote Desktop Services 2012R2 and newer**
- **App compatibility for existing Windows Server images used on-prem**

Deploy and scale in minutes

Quickly virtualize and deploy modern and legacy desktop app experiences in minutes with unified management in the Azure portal.

- **Azure has datacenters available in 60+ regions, and 140+ countries**
- **Azure management portal for Windows Virtual Desktop**
- **Built in security and compliance (Windows and Azure)**

A new era of virtualization hosts

Windows Server 2019 RD Session Host

Scalable multi-user **legacy** Windows environment

Windows Server 2019

Multiple users

Win32

Office 2019 Perpetual

Long-Term Servicing Channel

Windows 10 Enterprise session user

Scalable multi-session **modern** Windows user experience with Windows 10 Enterprise security

Windows 10

Multiple users

Win32, UWP

Office 365 ProPlus

Semi-Annual Channel

Windows 10 Enterprise

Native single-session **modern** Windows experience

Windows 10

Single user

Win32, UWP

Office 365 ProPlus

Semi-Annual Channel

Windows Virtual Desktop benefits

Enables a multi-session Windows 10 experience, optimized for Office 365 ProPlus

Supports legacy applications

Most flexible service allowing you to virtualize both desktops and apps

Windows 7 virtual desktop with free Extended Security Updates

Integrated with the security and management of Microsoft 365

Desktops are also accessible via Android and iOS devices

High-level architecture

Utilizes Azure Active Directory identity management service

Provides virtualization infrastructure as a managed service

Deploy and manage VMs in Azure subscription

Manage using existing tools like Configuration Manager or Microsoft Intune

Simply connect to on-premise resources

Logicom Solutions Windows Virtual Desktop Offering

Yiorgos Charitou
Senior Solutions Architect, Logicom Solutions

Logicom Solutions

Gold Microsoft Partner Microsoft

Logicom Solutions Windows Virtual Desktop Offering

- One-day preparatory workshop
- Enabling and configuring WVD service in Azure
- Connecting to on-premises network and integrating with existing environment
- Creating one custom image including two applications
- Creating a WVD host pool based on the custom image and publishing applications to users
- Configuring hosts for availability, performance and security monitoring
- Providing ongoing maintenance and monitoring services
